

Cave Creek Road/Carefree Highway Bike Lane Project

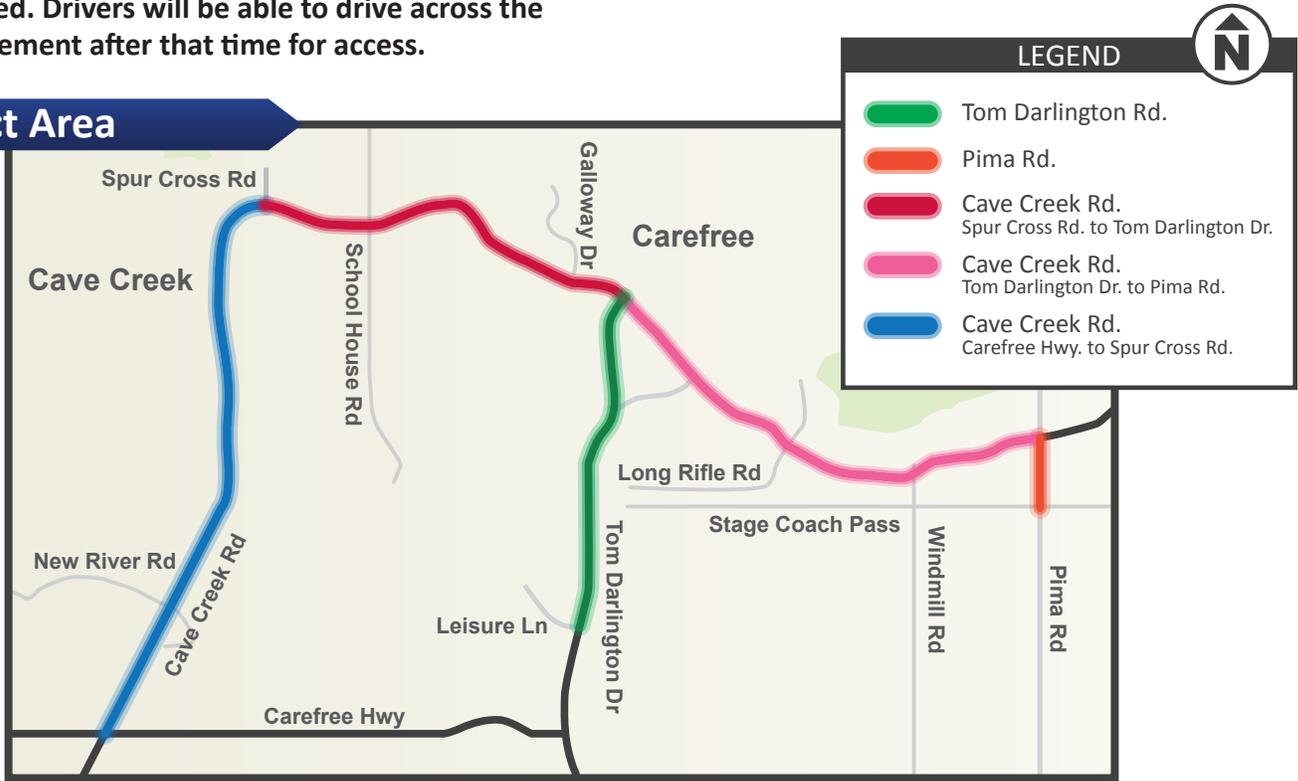

PROJECT UPDATE — UPCOMING SLURRY SEAL PAVING SCHEDULE

Construction activity on the bike lane project through the towns of Cave Creek and Carefree is nearing completion. Starting Monday April 11, slurry seal paving activities will begin at Cave Creek Rd and Carefree Hwy. The slurry seal paving will restrict driveway and side street access for approximately 30 minutes while the paving is completed. Drivers will be able to drive across the new pavement after that time for access.

Local business access will remain open though briefly restricted as previously mentioned. Please see the paving schedule below for more information.

This project is administered by the Arizona Department of Transportation with the cooperation of the towns of Cave Creek and Carefree.

Project Area

Construction Schedule

	APRIL	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
WEEK 1		11	12	13 Cave Creek Rd: Finish Carefree Hwy. to Spur Cross Rd.	14	15
